

Lester B. Pearson School Board - Substitute teaching

Wayne Franks

B.A. Honours History | EMSB retired | waynefranks@gmail.com | 514-926-5253

Greetings:

I am what many people describe as a "Renaissance Man"; passionate about transmitting my broad knowledge and specialized skills through my expertise in connecting with young people.

My approach is to draw on what I have absorbed from elite educators and professionals in the halls of academia, to the stages and broadcast studios of Montreal. Transcribing these concepts to receptive students is where I have been effective. Success has followed me from teaching piano, to the Work Oriented Training Path (WOTP) programme at Mountainview, to a History lecturer; a registered supplier of educational materials for the EMSB.

Emergency NLQ substitute teaching would continue to provide me an outlet, and fulfill your need for dependable and tested classroom staffing.

(I can also substitute in Music and Art.)

I am at your disposal for an interview, and any additional information.

Thank you.

Yours truly,

W. Wayne Franks, BA History Honours
